Eagle Scout

Welcome new Scouts! Troop 455 is a community based troop, developing young leaders in the Fairwood community since 1969. More than 100 of our Scouts have attained the rank of Eagle Scout. While the opportunity exists to achieve Eagle, it is not the troop’s primary focus. Our Scouts learn leadership and life skills while participating in outdoor activities, service projects, and troop adventures. Our scouts challenge themselves and learn new ways of thinking while completing merit badges and various outdoor events. Many Scouts take on different elected positions within the troop, and learn leadership and teamwork skills that will benefit them and their community.
